First I want to congratulate all of you on what you have achieved over the last four years. Because of you, Marsing High has been a "School of Merit" for the fourth time in a row. It must have been the way all of you took on the many challenges of everyday schooling. If you can remember back to when you were freshman, and how you thought that you would never get through the years to graduation. Well you did it and in a very positive way. I want to congratulate each of you on your success at Marsing High School.

I have enjoyed watching you grow through the years into young adults. You are and will be a very special class for me because we went through all good and bad times together. I wish you the best of luck in the future.

"A Beginning of all your Tomorrow's"

This letter as it should be, for graduating seniors, far from being an end, is the beginning of all your tomorrows. Over the past several years your class has come from near and far to become the Homedale High School senior class of 2004. You have worked, studied, practiced, played and grown --- grown mentally as well as physically --- now you are here, ready to begin your lives as members of the adult community.

For some of you this will mean a job following graduations and the responsibilities of family living. For others, this will mean college or technical school and further years of study and preparation. Whatever course "YOUR" future takes, it is my sincere hope that you will look back on your years at Homedale as having prepared you to meet and deal with the challenges that life will present.

On behalf of myself and the faculty and staff at Homedale High School, I wish each and every one of you the happiness of a productive life, the respect of your fellow human beings, and the love of your family and friends. May the future be yours.

The best of luck and congratulations to the Class of 2004
